Artisans of Comfort

SPRING 2020

MGBWHOME.COM

WHO WE ARE

Artisans of Comfort & Style

At **Mitchell Gold + Bob Williams** we believe in craft. Since 1989 our passion has been to make furniture in North Carolina that brings comfort and meaning into the homes and lives of you, our customers. We call it **Hand Made Comfort**.

Every piece we make upholds **our values and ethics**, which are then shared through a personal and custom experience, because to us service is an action, not a word.

Our commitment to **quality and sustainability** is in every piece and process. We give back to the communities we live and work in, from providing a daycare for families at our factory, to supporting nonprofits and organizations fighting for equality nationwide. We also believe in an **inclusive and healthy world**, because everyone should feel comfortable in their home and with their loved ones, no matter who they are and what they believe.

People make the difference. Who we are is what we do. We choose to make a difference by designing and making comfortable furniture – that carries our name, our legacy, and our love.

Co-founders Mitchell Gold and Bob Williams have been eco-minded from the start, designing and crafting custom comfort for sustainable style.

WHAT WE DO

Hand Made Comfort – very simply it’s the ability for you to craft the experience you want to have with Mitchell Gold + Bob Williams – at any time and from anywhere - because you’re the customer and how you feel matters most.

Individual pieces for individual people. Infinite custom upholstery options for you to create something incredibly beautiful and uniquely yours. We make custom furniture that ships from our North Carolina factory in just 21 days.

Design services, on demand, with exceptional designers. Co-creating and collaborating with you around the answers and solutions to your questions and needs, in our Signature Stores, in your home, online, and over the phone, one piece of furniture at a time.

Exceptional white glove delivery. We carefully bring your personally chosen furniture to your door and place it in your room just as you had always imagined it.

Lifetime warranty. We offer a lifetime warranty on frames springs, and cushions, because standing behind what we make is central to who we are. And, because Mitchell and Bob wouldn’t have it any other way.

Handcrafted in the USA. Because made here matters. It’s home to the people in our factories, who have the experience and history of making furniture that cannot be replaced, and who are now mentoring a younger generation to follow in their footsteps.

Our gratitude. The greatest gift we can possibly receive is knowing you are happy, and that we have delivered on our promises. We value you and consider you part of our Mitchell Gold + Bob Williams community. We are honored to serve you.

CUSTOM COMFORT Keaton Collection

Architectural lines and plenty of personal touches make Keaton a masterpiece in the making. Choose your seat depth, arm (shelter or sloped), and optional nailheads, with your choice of fabric/leather, wood finish, cushion style, and fill.

BUILT FOR GOOD

From how we source (*responsibly*) to how we build (*domestically*) to how we deliver (*in recycled packaging*), we're making more than furniture in our North Carolina factory. We're making a difference.

Our upholstery cushions are:

- CertiPUR-US certified
- fire-retardant-chemical-free
- wrapped in 80% regenerated fibers
- composed of up to 10% soy

Our wood frames are:

- sourced from local domestic suppliers
- compliant with U.S. Forest Service requirements for harvest & reforestation
- earth-friendly, using water-based biodegradable glue, with springs made from 65% recycled metal

We're proud to be an active
& longtime member of the
Sustainable Furnishings Council
