EMERGENCE

EMERGENCE showcases whimsical water lily leaves, rendered in an exaggerated sketch-like style. This pattern draws inspiration from the profound symbolism of water lilies in Buddhism and Hinduism, where they represent spiritual rebirth. The large-scale botanical subjects highlight the fascinating structural beauty of lily pads that allows their leaves to float gracefully on water, presenting a unique blend of abstraction and mathematical precision. EMERGENCE offers a captivating and spiritually resonant aesthetic for any space.

KIMONO

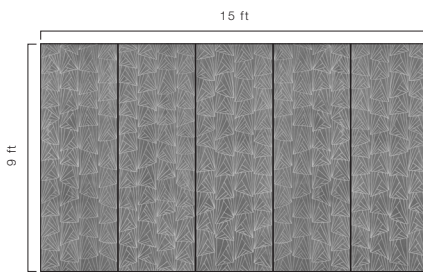

KIMONO plays with geometry, perspective and the movement of angled intersections. The juxtaposition of the natural, mottled backgrounds and the bright, metallic linework creates a crisp, modern all-over pattern. This striking contrast pays homage to the meticulous craftsmanship of kimonos, celebrating the thoughtful selection of materials for their distinct qualities. KIMONO breathes new life into tradition, offering a fresh perspective on timeless elegance.
