The **NicholasJohn Inc. Wallpaper Collection**, exclusively available at [Primoends - Home Décor to Go](#), offers a sophisticated balance of **sustainability, texture, and performance-driven design**.

This curated collection features **handcrafted natural fiber, luxury textile, and high-performance vinyl wallcoverings**, designed for residential, hospitality, and commercial interiors. Each wallpaper delivers visual depth, tactile richness, and durability—making it suitable for both statement walls and full-room installations.

Materials in the collection include:

- Abaca
- Sisal
- Hemp
- Jute
- Raffia
- Linen
- Silk
- Cork
- Suede
- Paper weaves
- Vinyl wallcoverings

Each roll is thoughtfully produced to bring **warmth, texture, and refined elegance** into modern interiors while supporting environmentally responsible manufacturing practices.

Sustainability & Performance Philosophy

[NicholasJohn Inc.](#) embraces a holistic approach to sustainability—balancing **eco-conscious craftsmanship** with **functional durability**.

Natural & Sustainable Materials

The majority of NicholasJohn Inc. wallcoverings are made from **natural grass fibers and plant-based materials**, responsibly harvested from sustainable sources using traditional farming techniques that protect the land and reduce environmental impact.

High-Performance Vinyl Options

Select designs in the collection are available in **vinyl wallcovering formats**, offering:

- Enhanced durability
- Washable and cleanable surfaces
- Increased resistance to moisture and wear

These vinyl options are ideal for **hospitality, commercial spaces, high-traffic areas, and design studios**, while maintaining the aesthetic of natural textures. Production methods prioritize **low-VOC inks, water-based processes, and efficient material usage** whenever possible.

Responsible Manufacturing

- Natural dyes and low-impact pigments
- Water-based adhesives
- Traditional weaving and modern efficiency methods
- Minimal, recyclable packaging

This balanced approach allows designers and homeowners to choose the **right wallcovering material for both sustainability and performance needs**.
